I didn't actually take the cans out I just unloaded the fucking thing, this other loser tried to get me to do the air, I said "Fuck that shit", this loser then tells on me & they tell him IF I don't want to do the air I don't have to, Ha Ha, When I was working at ~~BCW~~ BCW, Vernon said he was proud of me, That was the first time anyone said that to me.

I've never seen Liz like this. She was wearing a dress instead of the usual blue Polo shirt. And she was wearing make up, she was wearing a The Nightmare Before Christmas mask. And today is Halloween, I told Elizabeth "killer mask Liz. You're the best Liz thanx, See you around. Liz said "bye honey".

I Was flirting w/ Alex, We were talking about ~~oreas~~ cocos, Alex said the cookie part is the best part, I agree, some people think the crème filling is the best part. Sylvester told me to go to door 16 but I was bullshitting w/ Alex & someone else took over. We were bullshitting such a long time that cassie came over & said "Mauricio what the hell you doing, go to door 26, After I was finished with door 26 I saw Alex again. I said

The Good Son

"When you do whatever you want you feel like you can fly. No one can touch you, Alex don't be afraid to fly",

I then ran my ~~Hand~~ hand down her arm. The look on her eyes ~~has~~ was priceless I wish I could have seen her face but she was wearing a fucking mask, I think she started laughing, I then said "See you around Alex",

I feel like such a guilty 2 timer, I knew she was engaged & I came on to her anyway,

January 21 Thursday 2021

Talked to the deaf chick. I still don't know her name. She's not totally deaf her hearing is like at 25% effective. She doesn't like loud noises. Me & this dude slammed this hunk of metal on an irreg cart. Deaf homegirl covered her ears & made the kind of face when someone runs their nails down a chalkboard. I told her in sign "My ears are ringing I can't hear shit." I don't know a lot of signs so I just finger spelled everything except shit. I said "I will see you later Bye bye Good night (it was early morning I don't know the sign for day). I do know those signs.

I got a ticket & I had to hire a lawyer. I talked to this paralegal or secretary Amy. Dude girl's w/ that name have a voice that just brings me to my knees. As I was giving Amy my info I said "You're not going to steal my information?" Amy said "No you have my word."

I love you

Mary Lou doesn't work at Dodge anymore. That's really too bad. I'm really going to miss her, I was watching The Affair & a sex scene comes on. It lasted like 3 minutes. This guy came & changed the channel like a minute after it finished. Party Pooper.

April 26 Monday 2021 8:03 PM

These 3 dudes said hey how's it going to me. I never thought I would have a moment like that. I remember the 1rst day of senior year. I saw one of my ese's. Before I got a chance to talk to him he was talking to this other guy. I then said "Hey how's it going?" We small talked about random shit. After I left this other girl started talking to him. This guy said "man he can't go anywhere w/ out having someone say something to him".

I want to have a moment like that. When I was working at Texas Finishing Company I finally got the moment. I showed up to work & these 3 dude's where like hey what's going on man from a distance at the same time. I felt like a champion.

It happened a 3rd time at Tellworks. I was driving the golf cart & this dude on the forklift was like "was up man". I started waving. I was driving in a circle & this other dude started waving at me. Like 5 seconds later this guy said "hey dude".

Me & this dudes midriders collided. I kinda swung off. We started laughing about it. The dude calls me over & say's "Sorry about that". I said "No worries

it's cool. We then did the bro embrace, Half handshake & half hug almost.

I have more in common w/ White people, I'm hispanic but I'm closer to the hood dudes, This is the crazy fucking World I'm living in.

I was wearing my "It's ok to be White" shirt at Tom Thumb. So this White dude see's my shirt & even w/ a mask on I can tell he had a reaction. He raised his eyebrow's, I didn't know it but he was w/ this black dude. The black dude comes up to me & say's "What does your shirt say? It's ok to be White." I thought he was going to go off on me. Instead he just started laughing. I said "have a nice day."

I was wearing a mask at 1st but then I saw this chick not wearing one so I said fuck it & I took mines off.

April 10 Sunday 2022

I saw Biun for the 1st time in like 2 years, I can't believe he still works there. I ~~was~~ was behind another customer & when it was my turn I said "Biun You still here? Look at this," while stroking my goatee. He's beard is a lot thicker then the last time I saw him. The customer caught that & started smiling, Total halo effect. You really do get what you put out into the world. I told Biun that I'm working in ~~Carrollton~~ Carrollton. As a joke I said I know you're working Easter Sunday which he was. They better give you holiday pay or automatic over time,

American History X

AS I was leaving I said "hey Biun the White man marches on". This chick

said "I like your shirt". She told Brian IF he read it, I was wearing my "It's Ok to be White" shirt. As I was parking in the parking lot putting this cart away, This rat eating loser gives me a dirty look, Go back to your rice paddie You fucking loser, IF I see You near my cat or dog I will blow your fucking fish head off.

??? I accidently erased the date when I was checking my notes on my Phone

As I was driving the midrider, Stevie stop's me & tells me it's not going to hold, so he helps me rearrange this fucking Pallet. Earlier stevie gave this trailer prep talk. It was so [redacted] that when I saw him, I told him "Hey Stevie I'm ready to move the hell out of those cases".

So the day before my fucking Smith and Wesson Bodyguard 380 broke. The damn slide wouldn't rack all the way back. I was going to wait til I ~~got~~ Got the day off 4 day's from now to call them, But I changed my fucking mind. Just get this shit over w/ & I can get my shit 4 days earlier. I just Put Smith and Wesson customer support in the search bar & the fucking Phone number just popped up. I then clicked the Phone number & all the fucking digits were already entered. All I had to do was Push the call button. This chick say's Smith and Wesson customer support. I say "What's Your name?", Her name is Bonnie. Like Bonnie & Clyde. So Bonnie tells me what's the Problem. I say the fucking slide is busted.

Bonnie wanted to know what kind of gun it was & the serial number. I tell her the serial number & I say the letters in NATO Photonic alphabet. Bonnie Want's to know my email address. Holy shit I don't know all the fucking letters & I was going to struggle w/ spelling it out. I tell Bonnie to give me a second. Irst I spell ~~out~~ out my e mail address. Then I search for the Photonic alphabet. I then spell that shit. I tell Bonnie how much is it going to be. She said nothing its covered by the ~~war~~ Warranty. I say when can I expect it back? Bonnie said 2 to 6 weeks.

I then to give out all my info

At ~~least~~ Irst I was just ~~go~~ going to to let it go. But then I said fuck that these losers aren't going to ~~get~~ get away w/ ripping me off. So I called chase customer support. I told them my account got hacked or whatever, They told me the would ~~be~~ reimbursed me, my current

Fumigate that

RAT

So I went to this party ~~&~~ yesterday. I tried to hit on some chick's but I swear these loser's were born w/ their smart phone super glued to their hand. I never got a chance to open, so I finally said fuck this shit. I might not get lucky but I can still bullshit w/ the boys, I couldn't believe it but I saw my uncle samuel who I haven't seen since Avril got baptized like 5 year's ago. And he was sitting w/ his whole family minus his son. I haven't seen his daughter's even longer then that. The youngest I haven't seen since like 2009 & the oldest I haven't seen in like 14 year's. I never thought I would see them again. And I mean that in a I'm suprised to see you but I don't miss you kind of way.

The last time I interacted w/ the youngest one was sometime in 2009. I was at her house. We made eye ~~cont~~ contact & I nodded at her. She just ignored my ass. I fucked up. And the last time I interacted w/ the oldest one I was like 10 or 12. It was the day she got married. I still don't know her name. And I only said congratulation's.

My uncle calls me over & I said hey how's it going. I don't know IF they were talking before I got there but the moment I sat down they all clammed up. Me & uncle were doing all the talking. His 2 ~~dau~~ daughters 2 son in laws & his wife were silent the whole time. I used to be like that. As soon as some one new would enter the room I'd just shut up right away. IF that's what happened holy shit I can't believe I used to do that retarded shit. Dec Doesn't that defeat the purpose of going out. Even the couple's ~~th~~ weren't talking. It's amazing that people have gotten this socially retarded & these supposed to be family.

The youngest one knew my name. I just found out that I've been calling the girl who knew my name by the wrong name. I talked to my brother & that's how I found out. I kept telling him over & over because I thought he didn't think he knew who I was talking about. I never had to call her name & before today she's never said my name.

Me & the youngest daughter don't talk anymore, I didn't even say hey how's it going when I saw her. That's really too bad because I'd like to think we used to be closer than bark on a tree. I think she's upset w/ me because I didn't go to her 15th birthday. I would have gone but I was too stressed to go.

As youngest daughter was leaving she said "Bye Mauricio". I know it was her because she called me by my christian name. Everyone normally calls me by my nickname. I didn't say shit.

It was like that scene in Godzilla 1998. Unlike Nick, I wasn't all that excited to see homegirl. Would I have looked stupid as hell IF I was ecstatic & I got was a meh. Am I still mad at her? Hell no I'm completely apathetic. Maybe when it first happened. And I have been pissed off about it for like 4 years. Now it's beneath me. It's true what they say. Don't chase them replace them.

Her kid started smiling & waving at me. I was so moved that I instantly reached out & grabbed his arm. I ran my hand down his arm & then held his hand. I don't even know this little dude. We have never talked or interacted at all. Not even the guys I was drinking w/ said see ya. It was like that scene in Topgun w/ Pete is holding Goose. I didn't want to let him go. I squeezed his hand & I finally let him go. go.

One thing that blew my mind was oldest daughter shook my hand along w/ her man. It was a chore on my part. I was just like let's get this shit over w/. It was like the ending scene to the King of the Hill episode Luanne's saga.

I shook their hands & I was smiling but I wasn't looking at them & I didn't say see ya I wonder what the fuck I did or say for them to do that shit. They probably got a kick out of the retarded shit I was saying & doing.

Sometimes you just have to distance yourself from people. If they care, they'll notice. If they don't, you know where you stand.

She notice but it was too little too late, the magic is gone & she's ~~Mad~~ married w/ kid's. And I don't like talking to women that are taken, Is her saying see ya to me her way of telling me she is not pissed off at me anymore. It only took like 11 year's. You know after that amount of time most normal people would want to catch up w/ each other's life's, But I'm not normal so I don't give a shit IF she would have said anything or not. Not only that older sister finally shook my hand, Man it's amazing how much thing's can change. Another reason I didn't say anything back is because their was no chemistry. No deep meaningful conversation's no smile or hand holding.

Look I know what it's like to be in somebody's presence You can't stand. I just talk to somebody else, get up & leave, or just get on my phone. To make matters worse I don't talk to her mother's anymore. I saw her one time & I could tell by her body language that we didn't mesh. As soon as she saw me she frowned turned her head & quickly looked away, I don't even know what I did. And I haven't talked to her since.

Sabrina the teenaged Witch

Because I'm all on my own and I like the way it feels.

Maybe IF she had talked to me from the start & not waited until the last second I would have just forgotten the whole shit, clean slate.

Why did she say bye?

I get the feeling IF I started a conversation w/ her we would have been flowing. Maybe she wanted to talk to me but she was nervous or shy. I used to think only guy's got like that around girl's. That's probably Why she waited til the end to say something, It's now or never. Another possible reason is she got a kick out of the shit me & her dad were talking about. My drunk ass doesn't even remember What the hell we were even saying.

Was she jealous? Maybe a little.

I wonder how she reacted when she saw me saying see ya to her son or even her old man but not her.

I have been in situations where a chick will say hey how's it going or see ya & when I go to say something they look away, don't say anything, or don't respond. They then get fucking mad at me for not saying shit even though they would have just ignored my ass IF I had said anything. It's like these miserable loser's need something to be pissed off w about.

You know I was in a similar situation w/ another one of my cousins, my cousin sandy. We had grown apart & hadn't talked in like 2 or 3 years, Anyways she & her mom were visiting, we were in the living room & the only place for me to sit was between sandy & my aunt. I was like Goddamn it. A couple minutes pass & sandy starts opening up asking me random question's. At first I was giving 1 word answer's. And then just for fun I just started rambling. And before I knew it we were flowing, I wasn't counting on it. It just happened. We talked about careers, Hospital's, health care & a bunch of other stuff.

In other new's I quit Tom Thumb. this week is going to be my last. the whole face mask & social distancing was getting on my nerves so I threw in the towel.

Tom Thumb

10/6 BATTLE UNICORNS

September 27
Sunday 2020

I Was at Tom Thumb in the canned good aisle. This old dude Was having trouble reading the label, so I was reading them for him. He was going to go W/ Signature Pinto beans but I talked him into getting Bush instead. He then said nice shirt. I was Wearing my "It's OK To Be White" shirt. This other dude said excuse me sir. Which was Weird as hell since he had plenty of room to maneuver. Maybe it was his way of saying "killer shirt man Without having to say it.

I Was then in the meat section & this White girl tells me nice shirt. That took me by surprise because that was the 1st time a girl ever complimented me on my shirt. I ~~was like~~ said "cool thanx" & I did the OK sign.

This chick Samantha was running the register. I had a crush on Samantha I just never did anything because I'm not trying to get fired. And then there's the Whole don't shit where you eat thing. But now I Was red & ~~free~~ free. I can't believe she recognized me. I took my fucking mask off & said "how's it going?" She said "good thanks", I told Samantha she looked sexy as hell in a Dallas cowboy jersey. It was hard to gauge her reaction because she was Wearing a fucking mask. She started laughing. I tried to get her to show me her face but she said no.

I saw Bion. I told him "how'd You know it was me". He recognized my voice. This one time Bion was on the register & I was bagging. The customer was this dude who was like 7 feet tall & 200 plus pounds. After I finished bagging his shit I said
Waiting... "have a good day big guy",
Bion just started laughing.

We were bullshitting about what the hell We We're going to do W/ our lives. Elizabeth makes an appearance. I told her "hey Liz We were just talking". Elizabeth just started Waving. As me & Bion were talking I saw the chick from the meat section. As a joke I said "the White man marches on" While doing a military salute. She said "That's What ~~We're~~ We're good at. I could tell this chick was smiling at me. I could see her dimples form under her mask.

This other dude I used to work w/ recognized me because of my hair. I get the same haircut every time. 3 on top double 0 bald fade w/ an edge up.

March 27 Saturday 2021 3:43PM

I saw this dude who I used to work w/. I can't believe he recognized me. I was wearing a fucking face mask & I haven't seen him in months. I was like "hey Yall, You still work at Denny's and live next to Half Price Books', He said "Yeah to both", He then said "Nice shirt". I said "cool thanks & The white man marches on. Have a nice day." He tells me, "Alright take it easy buddy".

May 2 Sunday 2021 5:04AM

So I ~~did~~ ordered some Pmags 4 to be exact on April 29. I was waiting forever. They had some ASC but I wanted magpul since I had a magazine clamp.

I just checked & they're out of stock. And they just went on sale like 2 days ago.

Monday 2021

I'm going to take you for a ride

Marvel vs capcom

I was driving the midrider in the DR Lane. I was U turning from DQ in the middle & my retarded ass guns it & I hit a metal rack which tickles me back into the middle of the metal rack of the ~~drink~~ midrider, I hit ~~my~~ my head. Holy shit that fucking hurt. But then I felt like I was sweating profusely. I sweated sticky warm red crap, I cover my forehead w/ my right hand & drive w/ my left, I then stop & dig into the gash.

It was like that scene it the Amityville Horror 2005 remake which freaked me the fuck out, I then drive w/ both hands to the dry office. That mid rider was a bloody mess. I go up to & say ~~it~~ in the most monotone calm collected voice, "Marshall call a fucking ambulance" since I said it like that Marshall didn't get the seriousness of the situation until he saw me ~~co~~ covered in blood. Pham saw me through the window & said "Get in here!" Pham, Marshall, & Demarcus get to work & start doing 1rst aid trying to stop the bleeding. Victor shows up & even though he was wearing a mask I could tell he was gasping. I had to keep my hand in a biohazard bag to keep from contaminating everyone.

Somebody I couldn't tell who it was rubbing acholoic Wipes on my face. That stuff smelled like shit. I had to put on gloves so I could be ~~able~~ able to touch stuff. Pham said he's driven 2 guy's to the hospital already, Pham was talking to me, "What happened? How do you feel? Accidents happen. Don't let this discourage you". This too shall pass. Christ I was fucked up. The ride to the hospital was like 20 minutes. Head injury, This nurse Megan began jabbing & poking me w/ needles. She said it was to numb the area to be able to put Sutures. Then the doctor comes in, I wish I could remember her name. Anyways I was really digging her bedside manner. She sews me back up & tells me I'm going to be fine. I then had to get an IV, In a Wheel chair, I tried telling the nurse I can walk but rules have changed, I then get discharged. The ~~to~~ Whole thing lasted like an hour, Hour in a half, if that.

I then call Pham & tell him to come get me, And to bring a hat to hide this nasty fucking injury. I started telling Pham ~~IP~~ I could quit w/ out putting in a 2 Weeks notice, Pham started trying to talk me into staying, ~~You~~ He said You

brighten everyone's day. Uh oh spaghettio's. I told Pham I might not want to come back, Pham told me to think about it & dont be to hasty. I like his taste in music, He also said its a good company to work for.

When I got back, I had to fill some more shit out & everybody was like you look great. I had a doctors appointment in Fort Worth in like 3 hours. I was not going to drive 2 hours round trip to ~~Fort~~ Dallas just to stay for a fucking hour, so I slept in the parking lot.

A little after 5PM I report to work. It was crazy because when I got there all the ~~black~~ hood dudes were saying "hey how's it going", that was before they saw my stitches. I got my picture w/ this one dude & later I snapped chatted w/ this other dude. I'm actually closer to the black dudes then the whites ~~&~~ & even my fellow ese's. And who would have thought that. Not me.

At lunch I bullshitted w/ the eses, Motherfucker didn't want to pass me a napkin, this ese was drinking Dr Pepper. As a joke I told him "guess what my doctors name was? Dr pepper. They just started laughing. We started joking about the time I blared the horn at Andres. Olmos said knock it off, Hey man it was just a joke.

As a running joke Pham kept asking me "How did you get that scar? Boxing. Pham kept asking me "How did you get that scar? I said a bullet grazed me. That's a good one." Pham talked me into calling Victor Vicky, Pham made me do it. Demarcus showed me a video of the alibi we came up with. I beat 2 guys up & the 3rd one ran away.

This girl tells me did you get drug tested. She also said it doesn't look that bad & IF it was her she'd be crying.

Other stories I came up with. I got the Harry potter treatment. I had a ~~problem~~ problem w/ the sperm bank. Fight w/ a bobcat & ~~My~~ My cousin threw a beer can at me.

May 8 I forgot what fucking day of the week it was 2021

I can't believe I hit my head at work & I had to get ~~8~~ 5 stitches. I wanted to ~~be~~ watch this canelo fight. I wasn't going to go but I changed my mind. I can't go out looking like this. I then said fuck this I'm going. Dude I went a little early then I should have. For like 30 minutes I was in there like a retard. I said fuck this shit & told the staff IF I could come back. They said the main card was at 8pm. Anyways I needed to obey my thirst but I wasn't hungry so I went to Quik to get gas & something to drink. At the intersection of Mockingbird & Stemmons I was checking the GPS & I took my foot off the brake pedal.

Now I don't know IF I hit the car in front of me or IF I just punched the break too hard but holy shit that could have been nasty. The car in front just takes off. I don't know if it was because I almost hit them or because I did hit them. IF I did hit them it was just a little lovetap. No reason to call the cops or the insurance company or a lawyer. I really dodged the bullet. I already wrecked my car. And I have a trial coming up over a speeding ticket. This is the last thing I need.

Their was this homeless dude there. He said "Nice car." "Damn that thing is fast." Since I narrowly escaped some major bullshit. I gave him a couple bucks, he then told me "I hope it doesn't rain". I told him "take care dude. I should have told him did I hit the car in front of me. As I was pulling into QuikTrip, I said fuck this shit I'm not wearing a cuck muzzle. And what do you know half the people in there weren't wearing that shit. As I was walking back to my car, I made small talk w/ the dude in front of the pump I was in. Hey how I said "Hey how's it going? You watching the fight tonight?" Dude says "Who's fighting?" & I said "~~Who's fighting~~ Canelo vs Saunders. I'm headed there right now. I can watch the fight & party at the same time. I stopped by Empire & holy shit Top Gun has either gone under, changed locations, or rebranded. I was actually nervous as hell on the way. But as soon ~~as~~ as I ~~was~~ walked through the door the fear just disappeared.

I thought me looking like shit was going to keep me from having a

blast. Dude these 2 chicks were digging me even though I had sutures. Th3 1 girl didn't even shit about it. Every time I go see a fight, I always think to myself tonight will change my life, My expectations were exceeded. I didn't have to wear a face diaper. I got lucky. There was action, drama, romance. I had a good ole time.

Oh my God Silver city is the greatest place in the world.

Many will play few will win,
Damn I miss 90's. Do they have contest like that anymore

I'm too lazy to look up the date

Hatebreed

Hatebreed was in town at The Pavillion At Toyota Music Factory. I wasn't going to go 1st because I didn't think I was going to like the venue. But when I found out they were doing a ~~meet~~ meet & greet I had to go.

I was going to take a Lyft at 1st but it was pretty expensive & I would have to take 2. Not only that but I would be sweaty as hell. So I drove. Finding parking was easier then I thought. The only issue was losing the parking ticket. So I just left it in the car, since I've never here before I went through the wrong fucking entrance, since I was a VIP, I had to scan my Phone on this QR code & then sign my name into this list. I finally got in. It was fucking hot outside & the sun was shining brightly as hell. Man it felt good to be in there.

For like 20 minute's I was just wondering aimlessly. Then I told one of the staff to when the hell the VIP was going to start. This chick told me they already did it. Oh no you don't, The fucking door's haven't even opened yet. so they take me to talk to one of the higher ups. The jig was up. I've been had. This guy is like how the hell did you get in. The entrance in the back. A group of them where debating what they should do. Finally I tell them can I just wait outside w/ everybody else. This chick escorts me to the fan entrance & I have to wait in line w/ the rest of the commoner's on a sun parched side walk. Damn it this sucks ass.

After like an hour of baking outside the staff said they're ready for the VIPs. I was thinking sweet, Megadeth was there. so was trivium. I waited & waited for them to call the Hatebreed VIPs. When they didn't call I was like "What the fuck?" Someone in the crowd said "Who has VIP to see Hatebreed?" Their was like 3 of us. We
